

FUTUREOIL 2026

AI, DATA & NET - ZERO ENERGY SHIFT CONFERENCE

April 21-22, 2026 | 100% Virtual

ABOUT CONFERENCE

Future oil 2026: AI, Data, and Net-Zero Strategies for a Digitally Driven Energy Sector is premier virtual gathering designed to unite industry leaders, digital innovators, and sustainability experts from across the global oil and gas value chain. This highly interactive event offers a strategic platform to explore how artificial intelligence, big data, and automation are accelerating digital transformation and redefining operational resilience in upstream, midstream, and downstream sectors.

Attendees will gain actionable insights through interactive online case studies, virtual technical panels, and executive dialogues focused on the real-world application of emerging technologies like Digital Twins, predictive analytics, and autonomous systems. With a strong focus on achieving Net-Zero goals, the virtual conference emphasizes carbon management, ESG integration, and the role of digital tools in reducing emissions. This is a must-attend online event for professionals committed to building a smarter, safer, and more sustainable energy future accessible from anywhere in the world.

CONFERENCE PROGRAM KEY TOPICS

AI-Powered Operations

Explore how AI transforms field operations, optimizes equipment performance, and minimizes downtime with real-time analytics and automated decision-making.

Data-Driven Sustainability

Learn how data platforms and emissions tracking tools empower companies to meet ESG goals, cut carbon footprints, and align with regulations.

Green Hydrogen & CCUS

Explore investments and innovations in carbon capture and green hydrogen as decarbonization solutions for cleaner, scalable energy models.

Digital Twins & Smart Assets

Discover how digital twin technology simulates and monitors assets, improves performance, reduces failures, and enables safer operations.

Cyber Security in the Digital Oilfield

Address risk mitigation, compliance with new frameworks, and securing infrastructure in a connected environment as digital adoption rises.

Workforce 5.0

Understand the shift toward digital roles, reskilling programs, and AI-enhanced safety technologies for efficient and inclusive operations.

FEATURED SPEAKER

Priya Bennett
Chief Reservoir Engineer

Black Gold Innovations

Dr. Liam O'Connor
Director of Geothermal Innovation
BP

Yuki Tanaka
VP of Digital Twins

JERA

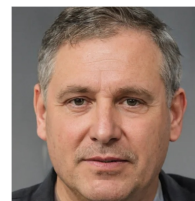

Sophie Dubois
CTO

PetroAI

Ananya Desai
Chief Data Officer

Reliance Industries

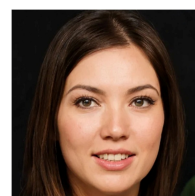

Ahmed Khan
Director

Global Oil Solutions

Jonathan Blake
VP Strategy

Core Gas Inc

Dr. Anika Williams
Energy Policy Advisor

Core Gas Inc.

ORGANIZATIONS LIKELY TO ATTEND

ExxonMobil

HALLIBURTON

Deloitte.

Linde

Worley

wood.

SIEMENS

Schlumberger

BANPU

SAS

Santos

andora

ATTENDEE JOB FUNCTIONS

- * Exploration & Production
- * Refineries
- * Oilfield Services Companies
- * Drilling Companies
- * Pipeline Operators
- * Governmental Bodies
- * Project Excellence
- * IT Services and IT Consulting
- * Business Development
- * Equipment Manufacturers
- * Software Development
- * Wireless Services
- * Engineering, Procurement & Construction(EPC)
- * Technology, Information & Internet
- * Data Infrastructure and Analytics
- * Data Security Software Products
- * Automation Machinery Manufacturing
- * Digital Innovation
- * Business & Digital Transformation
- * AI & ML Engineer

//

Many thanks to you the incredible team for organizing the event. Watching for 2 days was very insightful and your team efforts to organize everyone from around created the success.

//

COMPANY SIZE

- * 1 - 100 Employees - 26%
- * 100 - 1,000 Employees - 22%
- * 1,000 - 10,000 Employees - 22%
- * 10,000 + Employees - 30%

350+ Attendees
250+ Companies
35+ Countries
18+ Sponsors & Exhibitors
45+ Media Partners
24+ Technical Speakers

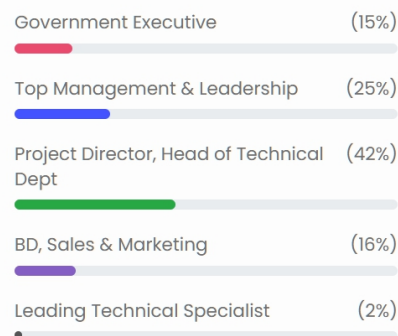

CONFERENCE IN NUMBERS

Demographics of Attendees

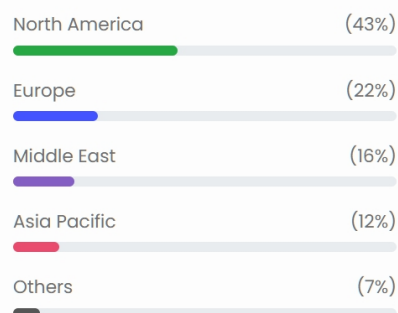

Through our platform, you will have the opportunity to connect with all job levels of professionals in the industry. This means that you can discover new solutions, innovative technology, market outlooks and insight into consumer trends from various external perspectives.

Take part in 1-to-1 meetings with potential leads and showcase your solutions in front of industry leaders. Find empowered buyers and/or decision-makers from across the globe all in one place.

INTERNATIONAL ATTENDANCE (%)

ATTENDING COMPANIES (%)

Day 1

Wednesday, 21 April 2026

● Sponsored Sessions ● Booked Sessions ● Available Session

09:15 – 09:30 | Welcome Address & Conference Overview

09:30 – 10:00 | Available Session

10:00 – 10:30 | Available Session

10:30 – 11:00 | Available Session

11:00 – 11:30 | Available Session

11:30 – 12:00 | Available Session

12:00 – 13:00 | LUNCH NETWORKING BREAK [1 Hour]

13:00 – 13:30
AI-Enhanced Reservoir Optimization & Production Forecasting

- * Using advanced analytics to forecast reservoir behavior and improve recovery efficiency.
- * Reducing uncertainty in field development through AI-driven modeling.
- * Enhancing operational reliability with predictive insights across upstream portfolios.

Priya Bennett
Chief Reservoir Engineer, BlackGold Innovations

13:30 – 14:00
Digital Transformation Frameworks for Global Energy Operations

- * Implementing scalable digital programs that enhance operational efficiency across diverse assets.
- * Integrating AI, automation, and real-time analytics to modernize traditional workflow.
- * Overcoming organizational barriers to accelerate digital maturity.

Ahmed Khan
Director, Global Oil Solutions

14:00 – 14:30
Strategic Pathways for AI Adoption in the Energy Transition

- * Aligning digital strategy with corporate sustainability goals.
- * Enhancing operational performance through AI-driven decision frameworks.
- * Positioning organizations for competitive advantage in evolving energy markets.

Jonathan Blake
VP Strategy, CoreGas Inc.

14:30 – 15:00 | NETWORKING BREAK [30 Minutes]

15:00 – 15:30
Data - Driven Sustainability & Emissions Intelligence

- * How digital platforms transform ESG reporting and compliance.
- * Leveraging analytics to reduce emissions and meet net-zero mandates.
- * Building transparent, scalable sustainability frameworks.

Dr. Anika Williams
Energy Policy Advisor, CoreGas Inc.

15:30 – 16:00

16:00 – 16:30 | Day 1 Closing Remarks

Day 2

Thursday, 22 April 2026

● Sponsored Sessions ● Booked Sessions ● Available Session

09:30 – 10:00 | Available Session

10:00 – 10:30 | Available Session

10:30 – 11:00 | Available Session

11:00 – 11:30 | Available Session

11:30 – 12:00 | Available Session

12:00 – 13:00 | LUNCH NETWORKING BREAK [1 Hour]

13:00 – 13:30
Digital Twins & Intelligent Asset Performance at Scale

- * How enterprise digital twins unify asset visibility.
- * Predictive intelligence for reducing operational risks.
- * Optimizing decision-making with remote operational insights.

Sophie Dubois
Chief Technology Officer, PetroAI

13:30 – 14:00
Building Next-Generation Digital Twin Ecosystems

- * Deploying scalable twin architectures for complex infrastructures.
- * Enhancing asset life cycle management through simulation.
- * Driving operational excellence with AI-integrated twins.

Yuki Tanaka
VP of Digital Twins, JERA

14:00 – 14:30
Geothermal Innovation & Low-Carbon Energy Systems

- * Harnessing geothermal potential in the clean-energy landscape.
- * Innovative subsurface modeling techniques powered by AI.
- * Integrating geothermal into hybrid net-zero energy portfolios.

Dr. Liam O'Connor
Director of Geothermal Innovation, BP

14:30 – 15:00 | Available Session

15:00 – 15:30
AI Governance & Enterprise Data Strategy in Energy

- * Building secure and responsible AI frameworks for large-scale operations.
- * Transforming enterprise decision-making with unified data platforms.
- * Ensuring compliance and trust in AI-led environments.

Ananya Desai
Chief Data Officer, Reliance Industries

15:30 – 16:00 | Available Session

16:00 – 16:30 | Day 2 Closing Remarks

SPEAKING OPPORTUNITIES

Want to become a speaker?

Get in touch with us for more information on Speaking opportunities

Production Team

Ben Scott

ben.scott@aroevents.com

ARO Events Team

info@aroevents.com

Speaking Session

- 1 Speaker Pass
- 30 Minutes Premium Slot
- Q&A Discussions
- Certificate of Speaking
- Promoted on Event Agenda
- Dedicated Website Blog
- Full access to all conference activities

USD \$599

Panel Discussion

- 1 hour session for 5 speakers
- Live panel discussion in-front of delegates
- Certificate of Appreciation
- Discussion between panelists only

USD \$1199

DELEGATE REGISTRATION

Want to book delegate ticket?

Below are the various options for delegate participation.

Super Early Bird
window closing on Jan 18, 2026

USD \$199

Early Bird
window closing on Feb 18, 2026

USD \$299

Regular Pass
window closing on April 19, 2026

USD \$399

Tickets Includes:

- Watch any talk live during the conference days
- Certificate of participation
- Q&A discussions
- Full access to all conference activities
- Online access to selected post-conference materials
- Networking opportunities on the Exhibition Floor
- Access to all networking activities

Ryan Mitchell

ryan.mitchell@aroevents.com

Benefits include

- Acquire valuable sales leads and customer feedback
- Deliver presentation in front hundreds of decision makers
- Network with leaders, grow your business at this event
- Share your company's expertise with a targeted group of experts
- Showcase advanced technologies, valuable services & unique expertise
- Personally interact with potential and current customers
- Fastest & most cost-effective platform to meet buyers
- Identifying new potential customers, suppliers and partners

ABOUT ORGANIZER

Managed & Organized by **aro** events

ARO Events is a visionary B2B conference firm dedicated to uniting industry leaders, corporations, government agencies, associations, and investors across diverse sectors.

We design high-impact, strategically crafted events that spark collaboration, drive innovation, and accelerate growth.

At ARO Events, decision-makers engage in meaningful dialogue, exchange transformative ideas, and uncover new opportunities that shape the future of business and policy.

Our conferences are dynamic, future-focused ecosystems where bold thinking thrives, partnerships are built, and strategic breakthroughs emerge. Whether you're scaling a company, navigating policy change, or leading industry disruption, ARO Events is where leaders converge to shape what's next.
